

Mr. Pradeep Goyal
Founder, Chairman
& Managing Director of
Pradeep Metals Limited

Pradeep Goyal is the Founder, Chairman and Managing Director of Pradeep Metals Limited, a BSE-listed manufacturer and exporter of precision-machined forgings. He founded the company in 1983 after working with Air Products Inc. in the United States.

A metallurgical engineer, he graduated first in his class of Metallurgy from IIT Kanpur in 1978 and received a silver medal from the President of India. He later earned a master's degree in metallurgy from the Massachusetts Institute of Technology, USA on a full scholarship.

Mr. Goyal served as President of ASM International, USA, for 2023–24. He has also served on the boards of IIT Kanpur, the Technology Development Board of the Government of India, UPL Limited, Hind Rectifiers Limited and the IIT Bombay Research Park.

He is an inventor with six patents in microwave processing and has worked on technologies for lower-energy steelmaking and chemical-free grain disinfestation. He has also held leadership roles in Rotary International and Ekal Abhiyan, which supports education in tribal and rural India.
